

Please do not approve expanding LPFM service to take priority over current FM translator services. The regional FM station, K-LOVE, that I listen to & support financially is a service to our local community. K-LOVE is a commercial free christian music station which provides both worry free wholesome music that I can have on for my children during hectic commute times & in the evenings for relaxing. Giving the LPFM services the priority of the current FM translator service would be a tragedy & a loss to the local community. The service provided by K-LOVE is in the public interest because it promotes human services, loving caring relationships, community investment & generous giving to those in need. K-LOVE is a station that shares a gentle reminder of the value of the hard won gift of Freedom that makes this country great. Please do not approve the Proposal to expand LPFM services at the expense of my K-LOVE station.
